Re: SESKO NUISANCE ABATEMENT PROJECT – Project No. 64010

Dear Mr. Roning:

The City of Bremerton has reviewed the bids received for the above referenced project and has identified BRC as the “apparent low-bidder”. It is our intention to begin contract negotiations and execute a contract with your firm to perform this project.

Time is of the essence. To assist the City in completing our internal processes for contracting I request you provide the following information within the next 5 business days:

Company profile
List and location of facilities
Three project references

It is the City’s intention to submit this project and the BRC contract for City Council approval on November 7, 2001. Assuming approval, I am tentatively scheduling a pre-construction meeting for November 8, 2001. I will confirm with you the meeting time and place.

Please contact me at (360) 478-5213 if you have any questions regarding the contracting process. Please direct any project-related questions to Peter Battuello at Parametrix at (360) 850-5305.

Sincerely,

Janet K. Lunceford
CITY OF BREMERTON
